VARIABLE COPAY™

Big Savings

On Brand and Specialty Drugs

What is Variable Copay?

Variable Copay™ is a program offered through your employer's benefit package that significantly reduces the cost on eligible specialty and brand medications. This program helps both you and your pharmacy plan save money on drugs that cost the most. If you are taking a medication that is on the Variable Copay drug list, you will receive an enrollment phone call or text to enroll in the program. It's that easy!

How it works

1. Enroll in the program and a Variable Copay network pharmacy will communicate with you each month on reminders of your shipment and verification of address.
2. Your medication(s) will arrive at your doorstep monthly via a shipping courier. You can expect your delivery approximately 5-7 days before your current medications are exhausted. Additionally, the Variable Copay network pharmacy will contact your prescribing physician when refills are needed.
3. Your Variable Copay network pharmacy can assist with questions regarding medication fulfillment.

How to enroll

Enrollment in the Variable Copay Program is quick and simple. You can enroll by calling (833) 439-9617 to speak with a dedicated Variable Copay concierge, or by responding to a Variable Copay enrollment text message, or within the Liviniti mobile app.

Interested in a simple and fast way to track and manage your prescriptions?

Download the Liviniti app today — freely available on iOS and Android. The Liviniti app provides convenient access to your pharmacy information, such as digital ID card, prescription history with Liviniti, drug price check, drug formulary search, pharmacy locator, Variable Copay enrollment, prior authorization reviews, plus more.

Questions?

Numerous specialty and brand drugs have savings programs available. For more information, please call us at (833) 439-9617 or email us at **questions@variablecopay.com**.
